Unit 7: Classification - 7th Grade Life Science at SHMS

In seventh grade, students will continue to explore general life, earth, and physical science topics using the scientific method. Although there isn't a specific recommended course of study of seventh-grade science, common life science topics include scientific classification; cells and cell structure; heredity and genetics; and human organ systems and their function.

Printable Seventh Grade Science Worksheets and Study Guides.

Ecology is the study of how living things interact with each other and their environment. Earlier this year we learned about the levels of organization within an organism: cell-tissue-organ-organ system-organism. Now we are looking at the levels of organization starting at an individual (i.e., organism) and ending with the biosphere (i.e., earth).
