Sex, Drugs, and Cocoa Puffs is a book that raises a variety of interesting philosophical questions without becoming pedantic. The book is a series of essays primarily focused on the "chicken and egg" concept of whether cultural focal points (MTV's The Real World celebrity sex tapes, Left Behind and Coldplay) create the social consciousness or whether the social consciousness/concerns create these cultural focal points.

Sex Drugs And Cocoa Puffs

Sex, Drugs, and Cocoa Puffs is a collection of essays on popular culture and its connections to psychology, sociology, and other inner workings of society. This book is mainly geared toward Generation X'ers, and I believe that older people may appreciate it, but significantly younger people (born after, say, 1990) may not, since the references may be too obscure.
