The Tragedy of Great Power Politics - Wikipedia

The tragedy of great power politics. New York: W.W. Norton & Company. Chapter One . Introduction . Many in the West seem to believe that "perpetual peace" among the great powers is finally at hand. The end of the Cold War, so the argument goes, marked a sea change in how great powers interact with one another.

Summary - The Tragedy of Great Power Politics - StuDocu

Mearsheimer boldly states that great-power rivalry is not over. The major powers still fear each other, and dangerous security competition lurks. This view is built on an "offensive realist" theory of world politics: the deep insecurity generated by the anarchic (hence "tragic") international system leads great powers to act aggressively toward each other, thwarting rivals from gaining power ...

Mearsheimer, J.J. (2001). The tragedy of great power ...

The Tragedy of Great Power Politics is an accessible history of great power behavior since the 18th century. John Mearsheimer is a professor at the University of Chicago. Mearsheimer believes that once countries become economically strong they seek to dominate their region militarily.

The Tragedy of Great Power Politics | Foreign Affairs

The terrorist attacks of September 11, 2001, sadly shattered these idyllic illusions, and John Mearsheimer's masterful new book explains why these harmonious visions remain utopian. To Mearsheimer, great power politics are tragic because the anarchy of the international system requires states to seek dominance at one another's expense, dooming even peaceful nations to a relentless power struggle.

The Tragedy Of Great Power

The Tragedy of Great Power Politics is a book by the American scholar John Mearsheimer on the subject of international relations theory published by W.W. Norton & Company in 2001. Mearsheimer explains and argues for his theory of "offensive realism" by stating its key assumptions, evolution from early realist theory, and its predictive capability.
