I contacted GT and requested more links to tech manuals for specific models. I'm not a big fan of GT's website, just too plain and random information everywhere. They have tech manuals for 2004 models, but then there is a gap until 2010 Ruckus and Fury tech manuals with nothing else loaded. Blah, maybe they will get on it soon enough.

Now, following instructions is not something we do well (we've broken just about every rule in the bike magazine manual, after all) but one look at the amount of small zip-lock bags and tiny parts, we realized we'd be following the directions closely. A huge note in Trek's favor is the absolutely fantastic documentation.
